Single vehicle accidents
Accidents between vehicles
of which:									
- Rear-end collisions
- Collisions due to crossing or turning
- Head-on collisions
- Collision at level crossings
- Others (including collisions with parked vehicles)

NOTES TO TABLE 2

Country notes

Netherlands: Injured persons refer to persons who were hospitalized.

North Macedonia: Starting from 1 January 2020, a new database for road traffic accidents is in use in the Ministry of Internal Affairs, North Macedonia. This assigns several natures of accident for a single traffic accident. That is why the breakdown of the number of road traffic accidents, fatalities and injuries by nature of accident do not add up to the total.
